To Shareholders and, for information only, to the holders of options over Ordinary Shares

Dear Shareholder

PLACING OF 290,476,190 ORDINARY SHARES ACQUISITION OF CERTAIN ASSETS FROM AGGREGATE INDUSTRIES AND POSSIBLE FURTHER ACQUISITION AND NOTICE OF GENERAL MEETING

Introduction

The Company announced today that Breedon Aggregates Scotland Limited, a wholly owned subsidiary of the Company, had entered into an acquisition agreement for the purpose of acquiring certain assets from Aggregate Industries for a total consideration of £34.0 million in cash. The assets include 6 active quarries, 4 asphalt plants, 7 ready-mix concrete plants, 2 concrete block works and approximately 206 million tonnes of mineral reserves and resources in Scotland. If the Acquisition is completed, the Group's mineral reserves and resources will more than double to almost 400 million tonnes, providing an estimated 76 years' life at current extraction rates. The Directors believe that the Acquisition will assist in generating growth for the Group as a whole once the assets are embedded into the Group's wider operations.

The Company is also in advanced discussions with Marshalls PLC to acquire a parcel of assets in England and Wales, which, if completed, would add a further 4 quarries and an additional 13 million tonnes of mineral reserves and resources to the Group, plus a greenfield opportunity under option and the potential for additional mineral prospects of 5 million tonnes. Aggregate production from these assets was 0.9 million tonnes in 2012 (2011: 1.0 million), generating revenue of approximately £10 million (2011: £10.6 million) and an EBITDA of £2.3 million (2011: £3.1 million). The consideration for the Possible Acquisition is expected to be between £17.5 million and £19.0 million, depending upon satisfaction of certain conditions subsequent. There can be no certainty that the acquisition of these assets will complete, nor as to its final terms. A further announcement regarding the Possible Acquisition will be made in due course.

The Company also announced today that it has conditionally raised approximately £61.0 million (before expenses) by the proposed issue of 290,476,190 Ordinary Shares at the Placing Price.

The net proceeds of the Placing (approximately £58.7 million) will be used to finance the purchase price of the Acquisition (£34 million) and the Possible Acquisition (if it proceeds), together with associated transaction costs. If the Possible Acquisition does not proceed, the balance of the net proceeds of the Placing will be used for funding future acquisitions and for ongoing working capital requirements. The Group will continue to retain the benefit of its existing £15 million revolving credit facility which is available for additional opportunistic acquisitions. The Placing is conditional (among other things) upon the sale and purchase agreement for the Acquisition becoming unconditional (save for any condition as to Admission or receipt of net proceeds of the Placing) and not being terminated.

Background to and reasons for the acquisitions

In line with the Company's stated strategy of acquiring earnings-enhancing aggregates-related businesses with strong potential for performance improvements and/or synergy benefits, the Acquisition offers the opportunity to add to the Group's existing business in Scotland, whilst the Possible Acquisition offers the opportunity to add to the Group's existing business in England. In each case, the acquired business should benefit from the Group's highly experienced management team, who will work to enhance customer service levels and improve operational efficiency. In addition, both the Acquisition and the Possible Acquisition, if completed, will provide the Group with a move into new, but contiguous, geographical markets.

The Board believes that the Acquisition and the Possible Acquisition are consistent with the Group's long-term aim to become the lowest cost operator in its chosen markets. The Board further believes that, if the Acquisition and the Possible Acquisition are completed, the Group will be in an even stronger position to benefit from any UK economic recovery.

Background on the Acquisition

The proposed purchase of certain Scottish assets from Aggregate Industries, part of the Holcim Group, is to be effected by way of a purchase of the trade and assets of 11 quarries (of which 6 are active), 7 ready-mixed concrete plants, 4 asphalt plants (including associated contracting activities) and 2 concrete block factories, plus a number of non-operational units. These activities are based in the Grampian, Tayside and Highland regions of mainland Scotland and on the Hebrides. The quarries produce a range of aggregates for general construction use or use in production of ready-mixed concrete, mortar and asphalt. Total mineral reserves and resources are approximately 206 million tonnes.

Sales volumes achieved by these operations in 2012 were 933,000 tonnes of aggregates, 86,000 tonnes of asphalt, 116,000 tonnes of concrete blocks and 104,000m³ of ready-mixed concrete. Revenue and EBITDA generated in 2012 by these operations were £34.2 million and £4.9 million respectively. The Directors believe that there is potential to significantly improve the performance of these operations through rationalisation and significant new contracts, including the upgrade to the A9 north of Perth and the Aberdeen Western Peripheral Route. Consideration for the assets and inventories is £34.0 million and will be funded through the net proceeds from the Placing. Additional working capital requirements for the acquired business will be funded from existing bank facilities or free cashflow.

Based on 2012 financial information, the Acquisition would have added approximately 20% to revenue and 24% to EBITDA for the Group for the last financial year.

Acquisition Agreement

On 10 April 2013 Breedon Aggregates Scotland Limited, a wholly owned subsidiary of the Company, entered into an asset purchase agreement with Aggregate Industries pursuant to which Breedon Aggregates Scotland Limited agreed to acquire the trade and assets described in "Background on the Acquisition" above.

The consideration payable by Breedon Aggregates Scotland Limited under this agreement is £34.0 million and is to be satisfied wholly in cash on completion.

Completion of the asset purchase agreement is conditional, amongst other things, upon:

- Receipt by Breedon Aggregates Scotland Limited of the consent of the relevant landlords to the assignment of certain leases;
- The Placing Agreement becoming unconditional;
- Shareholder approval of the Resolutions proposed at the Extraordinary General Meeting;
- Admission of the Placing Shares;
- No material adverse change having occurred in respect of the assets or the business of the seller; and
- The consideration of £34.0 million being paid in cash.

In connection with the Acquisition, the seller has given certain warranties and indemnities to Breedon Aggregates Scotland Limited, subject to a limitation cap, in relation to environmental, tax and other matters.

Current Trading and Outlook

Current Trading

The Company announced the Group's final results for the year ended 31 December 2012 on 5 March 2013, an excerpt from which is below:

"Revenue for the year was £173.5 million (2011: £168.9 million). Excluding revenue from acquisitions, including the full-year revenue from C&G Concrete which was acquired in July 2011, revenue would have been £154.8 million (2011: £161.7 million).

Underlying earnings before our share of associated undertakings, interest, tax, depreciation and amortisation (EBITDA) were £20.2 million (2011: £17.1 million). Of this, EBITDA of £2.1 million (2011: £0.5 million) was generated by acquisitions, including a full year's earnings from C&G. Underlying Group operating profit was £8.8 million (2011: £5.7 million). Underlying results are stated before acquisition-related expenses, redundancy and reorganisation costs, property items, impairments, amortisation of acquisition intangibles, changes in the fair value of financial instruments, gains on bargain purchase and related tax items.

Profit after tax for the year was £5.3 million (2011: £1.2 million).

Net debt at 31 December 2012 was £74.1 million (2011: £96.2 million)."

Outlook

While there is no doubt that 2013 will be another tough year, with construction output forecast to decline again and Mineral Products Association product volumes also forecast to be down, the Directors are generally more optimistic than they were this time last year, although the winter conditions in January and March have resulted in a slow start to the year. The Government at last seems to have realised that switching funding from revenue to capital spending on infrastructure can have a positive effect on GDP, improve employment and deliver significant secondary economic benefits. There is a growing recognition in both public and private sectors that essential maintenance work and upgrades to production facilities cannot be postponed indefinitely.

While the recent announcements made in the Budget and the Autumn statement in November 2012 will take time to feed through, the schemes that were cleared the previous year should start to materialise in 2013. The A453 upgrade between the M1 and Nottingham is a good example; this started early in 2013, with Laing O'Rourke the successful contractor. The overall housing market will hopefully see the benefit from the range of financial support measures introduced which the Directors believe will make buying a new home the easiest way onto the property ladder for first-time buyers. Housebuilders anticipate steady demand over the next few years.

In Scotland, the Directors believe that there will be continuing investment in the renewables sector and related infrastructure. The recently approved Aberdeen by-pass and the commitment to make the A9 from Perth to Inverness into a dual carriageway is expected to benefit the Company in the medium term. The Group's associate company, BEAR Scotland Limited, recently secured the North West maintenance contract from Transport Scotland, which will ensure that the Group continues to benefit from material supplies in that area for the next few years. The Directors are hopeful that transport budgets in Scotland may increase slightly from their recent low levels.

The Group will remain focussed on further improving its performance in safety, operations and customer service. Its management team has demonstrated its ability to deliver solid results in the most difficult market conditions. The previous acquisitions made by the Group have all added significant value to its core business, with the acquisition of C&G in July 2011 in particular exceeding expectations. This gives the Company confidence in its ability to repeat this with future deals. Weather permitting, the Board is confident of making further progress in 2013.

Placing

The Placing Shares have been conditionally placed by Cenkos Securities plc, as agent for the Company, with institutional and other investors in accordance with the terms of the Placing Agreement.

Subject to Admission, the Company will issue 290,476,190 Ordinary Shares which will raise £61.0 million, before expenses, and £58.7 million, after the expenses of the Placing (which are estimated to be £2.3 million (excluding VAT) in total).

The Placing Shares issued pursuant to the Placing will represent approximately 30.9 per cent. of the Enlarged Share Capital. The Placing Shares will, following Admission, rank in full for all dividends and distributions declared, made or paid in respect of the issued Ordinary Share capital of the Company and otherwise rank *pari passu* in all other respects with the Existing Ordinary Shares. The Placing Price represents a discount to the closing mid-market price of 8.7 per cent. per Ordinary Share as at 9 April 2013 (being the latest practicable date prior to the date of this document).

The following Directors have committed to subscribe for Placing Shares under the Placing:

<i>Director</i>	<i>Commitment</i>	<i>Ordinary Shares held post Placing</i>	<i>% of Enlarged Share Capital post Placing</i>
Peter Tom CBE	225,276	35,191,941	3.74%
Simon Vivian	225,276	3,669,721	0.39%
Ian Peters	67,940	2,012,385	0.21%
Susie Farnon	64,365	1,714,365	0.18%

The Placing Agreement

Pursuant to the terms of the Placing Agreement, Cenkos Securities plc, as agent for the Company, has agreed to use its reasonable endeavours to procure subscribers for the Placing Shares at the Placing Price. The Placing Agreement is conditional upon, *inter alia*:

- the Resolutions being duly passed at the Extraordinary General Meeting;
- the Acquisition Agreement not having been terminated or rescinded before Admission;
- there having been no waiver, variation or amendment to any of the terms of the Acquisition Agreement;
- the Acquisition Agreement having become unconditional in all respects (save for any condition relating to Admission or receipt of the net proceeds of the Placing);

- none of the warranties or undertakings given to Cenkos Securities plc prior to Admission being or becoming untrue, inaccurate or misleading in any material respect; and
- Admission becoming effective on or before 8.00 a.m. on 29 April 2013 (or such later time and/or date as the Company and Cenkos Securities may agree, but in any event by no later than 8.00 a.m. on 13 May 2013).

The Placing Agreement is not conditional upon completion of the Possible Acquisition nor actual completion of the Acquisition.

The Placing Agreement contains warranties from the Company in favour of Cenkos Securities plc in relation to, *inter alia*, the accuracy of the information in this document and other matters relating to the Group and its business. In addition, the Company has agreed to indemnify Cenkos Securities plc in relation to certain liabilities which it may incur in respect of the Placing.

Cenkos Securities plc has the right to terminate the Placing Agreement in certain circumstances prior to Admission, in particular, in the event of a breach of the warranties or a material adverse change.

Use of Proceeds

Although the Board intends to use the net proceeds of the Placing to fund the purchase price of the Acquisition and, if it is completed, the Possible Acquisition, the Placing is not conditional upon the completion of the Acquisition or the Possible Acquisition. In the event that either the Acquisition or the Possible Acquisition does not complete, the Group would retain the remaining net proceeds of the Placing, for the purpose of funding future acquisitions and the ongoing working capital requirements of the Group.

Related Party Transaction

IAML is a substantial shareholder of the Company, holding 191,844,445 Ordinary Shares, which represents approximately 29.5 per cent. of the Existing Ordinary Shares. IAML, as a participant in the Placing, is therefore a related party for the purposes of the AIM Rules and, under the AIM Rules, the Placing constitutes a related party transaction. Having consulted with Cenkos Securities plc, the Company's nominated adviser, the Directors of the Company consider that the terms of the Placing are fair and reasonable insofar as its Shareholders are concerned.

Extraordinary General Meeting

Recommendation

The Directors consider the Placing to be in the best interests of the Company and its Shareholders as a whole and accordingly unanimously recommend that Shareholders vote in favour of the Resolutions to be proposed at the Extraordinary General Meeting as they intend to do in respect of their own beneficial holdings amounting, in aggregate, to 60,773,244 Existing Ordinary Shares, representing approximately 9.35 per cent. of the Existing Ordinary Shares.

2. Every member who is present in person shall on a show of hands have one vote and every member present in person or by proxy shall on a poll have one vote for each share of which he is the holder.
3. A Form of Proxy is enclosed. To be valid, this Form and the power of attorney or other authority (if any) under which it is signed, or a notarially certified copy of such power or authority must reach the Registrar, Capita Registrars (Jersey) Limited, 12 Castle Street, St. Helier, Jersey, JE3 3RT not less than forty-eight hours before the time appointed for holding the EGM or adjournment or the taking of a poll at which the person named in the Proxy Form proposes to vote.
4. A member entitled to attend and vote at the meeting convened by this notice is also entitled to appoint one or more proxies. If a proxy other than the Chairman is desired, strike out "the Chairman of the EGM or" and insert the name or names preferred and initial the alteration. A proxy need not be a member of the Company but must attend the meeting in person.
5. If a member wishes his proxy to speak on his behalf at the meeting, he or she will need to appoint his own choice of proxy (which is not the Chairman) and give instructions directly to the proxy. The completion and return of a form of proxy will enable you to vote at the meeting without having to be present at the meeting, but will not preclude you from attending the meeting and voting in person if you should subsequently decide to do so.
6. A member may appoint more than one proxy provided each proxy is appointed to exercise rights attached to different shares. A member may not appoint more than one proxy to exercise rights attached to any one share. To appoint more than one proxy you may photocopy the form of proxy. Please indicate the proxy holder's name and the number of shares in relation to which they are authorised to act as your proxy (which, in aggregate, should not exceed the number of shares held by you). Please also indicate if the proxy instruction is one of multiple instructions being given. All forms must be signed and should be returned together in the same envelope. If you wish to appoint the Chairman as one of your multiple proxies, leave the words "Chairman of the EGM" on the relevant proxy card.
7. Shares held in uncertificated form (i.e. in CREST) may be voted through the CREST Proxy Voting Service in accordance with the procedures set out in the CREST manual. CREST personal members or other CREST sponsored members, and those CREST members who have appointed a voting service provider(s), should refer to their CREST sponsor or voting service provider(s), who will be able to take the appropriate action on their behalf.

8. In order for a proxy appointment or instruction made using the CREST service to be valid, the appropriate CREST message (a "CREST Proxy Instruction") must be properly (under CREST participant ID RA10) authenticated in accordance with CRESTCo's specifications and must contain the information required for such instructions, as described in the CREST Manual. The message, regardless of whether it constitutes the appointment of a proxy or an amendment to the instruction given to a previously appointed proxy must, in order to be valid, be transmitted so as to be received by the issuer's agent by the latest time(s) for receipt of proxy appointments by 11:00 a.m. on 24 April 2013. For this purpose, the time of receipt will be taken to be the time (as determined by the timestamp applied to the message by the CREST Application Host) from which the issuer's agent is able to retrieve the message by enquiry to CREST in the manner prescribed by CREST. After this time any change of instructions to proxies appointed through CREST should be communicated to the appointee through other means.
9. CREST members and, where applicable, their CREST sponsors or voting service providers should note that CRESTCo does not make available special procedures in CREST for any particular messages. Normal system timings and limitations will therefore apply in relation to the input of CREST Proxy Instructions. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST personal member or sponsored member or has appointed a voting service provider(s), to procure that his CREST sponsor or voting service provider(s) take(s)) such action as shall be necessary to ensure that a message is transmitted by means of the CREST system by any particular time. In this connection, CREST members and, where applicable, their CREST sponsors or voting service provider(s) are referred, in particular, to those sections of the CREST Manual concerning practical limitations of the CREST system and timings.
10. In the case of a corporation, the form of proxy must be executed under its common seal or signed on its behalf by an officer or attorney duly authorised. In the case of an individual, the form of proxy must be signed by the individual or his or her attorney duly authorised.
11. In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy will be accepted to the exclusion of the votes of any other joint holders and for this purpose seniority will be determined by the order in which the names are recorded in the Register of Members.
12. The directors of the Company will interpret any ambiguous proxy appointments. The Chairman of the meeting will, in his capacity as proxy, interpret any voting instructions he receives. Their respective determinations shall be final.
13. Any alterations made to the Form of Proxy must be initialled by the person who signs it.
14. The Company pursuant to Article 40 of the Companies Uncertificated Securities (Jersey) Order 1999 specifies that only those members registered in the register of members of the Company 48 hours before the time of the meeting or, in the event that the meeting is adjourned, in the register of members 48 hours before the time of any adjourned meeting(s), shall be entitled to attend or vote at the meeting or any adjournment thereof in respect of the number of shares registered in their name at that time. Changes to the register of members after these times will be disregarded in determining the rights of any

person to attend or vote at the meeting or any adjournment.
